

POSITIVELY IDENTIFIES BOMB SUSPECT

BROOKLYN BUSINESS MAN SAYS TITO LIGI WAS BY DEATH WAGON

Picks Him Out From Line Of
Six Prisoners As Man Who
Was Arguing With Driver of
Wagon -- Saw Him Running
Away After Explosion.

(By The Associated Press)

SCRANTON, Pa., April 23.—Positive identification of Tito Ligi, arrested here last Tuesday on suspicion of complicity in the Wall Street explosion last September was made here today by Thomas J. Smith of Brooklyn, employed in the legal department of an insurance company having an office in the New York financial district.

Smith picked out Ligi from a line of six prisoners as the man he had seen arguing with the driver of the death wagon shortly before the explosion. He later told newspaper men that a few moments after the blast, he saw Ligi rushing away, urging two companions to hurry out of the neighborhood.

Smith said he was walking in Wall Street a few minutes before the explosion.

At about 11:15 a. m., he said, he was approaching the banking house of J. P. Morgan & Company when he saw a dilapidated wagon with red and black striped wheels in front of the United States Assay office. Inside the wagon partly covered with newspapers, were two barrels and two boxes about two or three feet square.

"My attention was first called to it when I noticed two men standing near the horse's head, arguing. I crossed the street expecting to see a fight. One of the men was about five feet, six inches tall, roughly dressed, and of stocky build."

Clark Falls at Recognition.
Turning to Raymond Clark, foreman on a construction job in the vicinity of the explosion, Smith asked if the description fitted the man. Clark had seen shortly after the blast, Clark, who also went to Scranton to see if he could recognize Ligi, but also admitted that the general description fitted the man who a few moments after the explosion rushed up to him and shouted: "My God, my horse has been killed!" Smith said the other man standing by the wagon was taller and better dressed.

"This man who he identified as Ligi was apparently trying to induce him to leave the neighborhood, he said.
"Just after I had passed the corner of Nassau and Cedar streets, I heard the explosion. In the rush of people I saw three men going toward Broadway and one was the man I had seen wrangling. Neither of the two men with him was the driver.
"One of Ligi's companions was an Italian about five feet, eight inches, fairly well built. The other also appeared to be an Italian and was about five feet, six inches tall. The man who had been with the driver was urging these two men along."

"I noticed that the voice was the same as that of the man I had heard wrangling with the wagon driver and when I looked it was the same man."

Department of justice agents tonight expressed satisfaction with the day's developments. They said other persons would be brought from New York Monday in an effort to confirm Ligi's supposed connection with the disaster. It was pointed out that several persons interviewed by the investigators following the blast, mentioned seeing some one talking to the driver of the wagon shortly before the explosion. Some of these, it was considered probable, will be brought here.

Charles J. Scully, chief of the bureau of criminal investigation in the department of justice, accompanied by P. J. Ahern, a department agent, left for New York tonight. Indications tonight were that other arrests would be made in an effort to determine what connection, if any, Ligi had with the explosion. Present efforts are centered upon determining where he was at the time it happened. Ligi insists he was in Scranton.

Investigate Suicide.
New York, April 23.—Captain Arthur A. Carey, directing police investigation of the Wall Street bomb plot, sent picked detectives to Brooklyn after a report had been made to him that John La Sar, who committed suicide in a furnished room there today, had left a note confessing he had furnished the money with which to construct the bomb.

MICHIGAN ROADS NOT EXPECTED TO APPEAL DECISION

Thought They Will
Accept Gravel and
Sand Freight Rates

STATE UTILITIES ANNOUNCE SHARP CUT

(By The Associated Press)

LANSING, April 23.—Michigan railroads are not expected to appeal to the Interstate Commerce Commission from the order issued by the state public utilities commission today under which freight rates on gravel and sand for public works will be sharply reduced on May 10. Information received from heads of several of the larger roads operating in the state was that the roads would abide by the decision, it was said tonight.

This information bore out the impression gained by officials here recently, that railroad heads have come to the opinion the federal commission had fixed rates so high that the schedules were in part responsible for the heavy falling off in freight revenues.

Some officials expressed belief that this apparent changed attitude might result in a reopening of the rate question and possibly bring reductions on other classes. It was pointed out that the public utilities commission, having assented to the interstate commerce commission ruling, had not been deprived by court of its rate making powers, and was therefore in position to open hearings on lower rate proposals should such a course be desired.

GERMANY'S NOTE ON REPARATIONS NOT YET RECEIVED

Washington Waiting for
Note Dispatched Dur-
ing the Day

DECLINE TO COMMENT ON DISPATCH

(By The Associated Press)

WASHINGTON, April 23.—Germany's new note on the reparations question had not arrived in Washington tonight altho press dispatches from Berlin said it was dispatched during the day.

Officials at the state department declined to comment on a Berlin dispatch received by way of London saying Germany had rejected the offer of President Harding and Secretary Hughes to take under consideration any reparations plan made by Germany with a view to bringing it to the attention of the Allies.

One thing appeared certain in connection with the reparations question so far as concerns Washington. That was that should a reply be considered necessary to the new German note, its nature would be laid before the diplomatic representatives here of the allied governments before its dispatch.

MONMOUTH COLLEGE JANITOR IS HAZED

Prings Suit Against Students for
\$7,000 Damages—Alleges Kid-
naping, Clipping His Hair and
Other Indignities.

Monmouth, April 23.—Even the janitor of a building on the college campus cannot escape the effects of the higher education. So it seems to Sam Hamilton, the janitor at Monmouth college who today filed suits for damages aggregating \$7,500 against three students whom he accuses of hazing him.

The alleged indignities included kidnapping, clipping of the hair and sundry other abuses of the janitor's person.

Eight signed confessions have been obtained by detectives in the employ of the college and it is possible that criminal proceedings will be brought against certain students involved.

HARDING GETS IN USUAL GOLF GAME

Washington, April 23.—President Harding refused to permit his regular game of golf to be called off today by reason of rain and a soggy field.

Immediately after returning from attendance at Baptist Memorial exercises, he replaced his hat with the regulation golf cap and walked from the White House to the nearby Municipal golf links to find relaxation after a week of work.

LAYS TROUBLES OF N. Y. CENTRAL TO MANAGEMENT

Employees' Economist
Presents Array of
Figures to Board

ALLEGES THAT
STOCK WAS WATERED

(By The Associated Press)

CHICAGO, April 23.—Financial difficulties of the New York Central railroad advanced as one reason for asking wage reductions before the railroad board, were declared to be due to unwise management in an exhibit filed with the board today by the railway unions.

The exhibit, presented by W. J. Lauck, economist for the employees, detailed the financial history of the road and Mr. Lauck, in a supplemental statement, declared that in the face of an \$128,340,677 over-capitalization the New York Central should not seek to blame its financial difficulties on labor wages.

Cash dividends paid for the period 1870-1919 were declared to aggregate 286.5 per cent and the proportion of such dividends which might be allocated to stock representing over-capitalization was said to amount to \$163,099,650, an average of \$3,261,993 per year. The present annual cost of over-capitalization of the system was placed at more than \$6,000,000.

Tells Source of Data.

The exhibit explained that the data used was derived largely from the investigation of the Hadley securities commission during the Taft administration. This commission filed a report with the Interstate Commerce Commission which was never published, according to Mr. Lauck.

The present New York Central resulted from three consolidations, the exhibit said, that of the New York Central railroad and the Hudson River railroad in 1869; that of six roads with the New York Central and Hudson River by the issue of its capital stock of \$2,851,760 for the outstanding stocks of the constituent roads in 1913; and that of the New York Central and Hudson River, the Lake Shore and Michigan Southern and nine other roads which took the name of the New York Central road company in 1914.

"In the 1914 merger," the exhibit said, capital stock of a par value of \$249,645,500 was issued as follows: \$225,581,066 in exchange, par for par, for stock of the New York Central and Hudson River; \$23,590,500 in exchange for outstanding stock of the Lake Shore and Michigan Southern of a par value of \$4,706,900, on the basis of five shares of the new stock for one share of Lake Shore stock; \$474,934 in exchange for the minority stock of the other merger."

Alleges Water Stock.
Previous to the consolidation of 1869, the capitalization of the two constituent companies had been increased \$12,500,000 without any tangible increase in the properties, the exhibit said. The head-quarters and the corps area should be sent, as announced today by the war department included.

Camp Knox, Ky., July 21, Ohio, Indiana, West Virginia and Kentucky. Fifth corps area, Fort Benjamin Harrison, Ind.
Camp Grant, Ill., July 21, Michigan, Wisconsin and Illinois. Sixth corps area, Fort Sheridan, Ill.
Camp Pike, Ark., and Fort Snelling, Minn., Aug. 1, North Dakota, South Dakota, Minnesota, Nebraska, Kansas, Missouri, Arkansas and Iowa. Seventh corps area, Fort Crook, Neb.

The camps will be of the so-called Plattsburg type, offering free military training for thirty days to physically fit citizens between the ages of 16 and 35. Candidates will be drawn from all parts of the country. Quotas, based on population, will be allotted to states and communities.

PERSHING CONFERS WITH WEEKS ON ARMY ORGANIZATION PLAN

Must Not Conflict With Law
Affecting General
Staff

TASK IS TO CREATE COMPLETE MACHINE

Washington, April 23.—Organization of the new war staff of the army was discussed today by Secretary Weeks and General Pershing.

In addition to discussing the organization of the war staff so as not to conflict with provisions of law affecting the general staff, Mr. Weeks and General Pershing were understood to have taken up problems relating to the future administration and training of the national guard and organized reserves.

General Pershing is known to favor the creation of a standardization of training for these reserve troops and the promotion of the utmost harmony possible between them and the regular establishment.

General Pershing's new task, it is understood, will involve the creation of a staff machine complete in all details capable of taking over the field command in time of war. It will not interfere in time of peace with the present duties and responsibilities of the war department general staff which is charged with the administration of the entire military establishment under the secretary of war. It is known to be General Pershing's hope that he will be able to build up an efficient machine which will concern itself only with fighting problems leaving the large questions of peace time training, supply and administration to the present general staff.

Secretary Weeks is expected to announce further details regarding General Pershing's new assignment next week.

EFFECTING PEACE BY RESOLUTION IS REPUBLICAN PLAN

Probably Will Report Knox
Resolution Next
Monday

SOME DEMOCRATS WILL VOTE FOR IT

WASHINGTON, April 23.—Plans of Republican congress leaders for effecting peace by congressional resolution were completed at an informal conference today.

The Knox resolution probably will be reported to the senate Monday by the foreign relations committee as revised, in technical, legal details by Senator Knox of Pennsylvania. Debate will begin Tuesday or Wednesday and will, it is believed, be comparatively short.

As a matter of general party policy, most senate democrats are expected to oppose the Knox resolution but Republican leaders expect that a number of Democratic votes will be given to the resolution.

A peace resolution similar to the Knox measure is to be introduced in the house Monday by Chairman Porter of the foreign affairs committee.

SENATE MILITARY COMMITTEE VOTES FOR CONFIRMATION

Recommend Edwards
Despite Opposition
of Democrats

HE WAS THE ONLY
ONE UNDER FIRE

(By The Associated Press)

WASHINGTON, April 23.—Despite some Democratic objection to Brig. Gen. Clarence R. Edwards, the senate military committee today voted to recommend confirmation of twelve major and fourteen brigadier general nominated by President Harding for promotion.

General Edwards, who commanded the twenty-sixth division overseas until relieved by General Pershing and returned home, was the only nominee under fire. The committee vote on his name today was 12 to 3, with three Democrats opposing and three others voting for his confirmation. Those said to have opposed General Edwards included Senators Hitchcock, Nebraska, and McKellar, Tennessee. Senators Robinson of Arkansas, and Myers of Montana, Democrats were reported to have supported him.

Democratic opponents of General Edwards whose name headed the list of nominees for major general, intimated they would carry their fight to the senate floor. No filibuster, it was said, would be waged, but a record vote at least, it was declared, would be demanded. Republicans predicted that the entire list of general officers would be ratified promptly, thereby paving the way for a dozen or more promotions to the rank of brigadier many other promotions down thru the whole service and for selection of a chief of staff.

Committee members expressed the belief that General Edwards would not be chosen chief of staff, after today's meeting at which Secretary Weeks was called in again today for further discussion of General Edwards' record. Major General Harbord, according to prominent Republican senators, will be selected chief of staff to succeed Major General Peyton C. March.

Differed With Pershing.
Information submitted today by Secretary Weeks regarding General Edwards' record, was given in executive session. Members of the committee said it disclosed existence of differences between General Pershing and General Edwards over the latter's course in commanding the Twenty Sixth division in France. Secretary Weeks was reported to have declared that a thorough search of the war department files had been made without finding any record of such charges as Democratic senators said they understood were on file.

Secretary Weeks, according to committee members, was said to have testified today that after opposition developed at yesterday's committee meeting against General Edwards, he had talked over the case last night with General Pershing. The latter, it was said, told Mr. Weeks he desired to refrain from intervening in the matter.

Information given by Secretary Weeks, according to committee members, was to the effect that events which led to relief of General Edwards from command of the twenty-sixth division on October 22, 1918, had their inception during the previous July. The order relieving General Edwards from command, came, it was said on the day before his division went into action. The committee was told, it was said, that General Edwards had criticized decisions regarding strategy from general headquarters. Another circumstance said to have been involved was that of harmonious cooperation of General Edwards in executing plans of the campaign involving his division.

The element of reported difference between General Pershing and General Edwards was said not to have been held paramount by Democratic opponents of confirmation.

Age Compelling Reason.
Asked as to failure to include Colonel George V. H. Moseley and Hugh Drum in the list for promotion to the rank of brigadier Secretary Weeks was said to have told the committee that their age was the entire compelling reason. Neither have had barely more than 22 years in service, the minimum limit fixed in the recent army reorganization law for promotion to brigadier. Other officers of much longer service might be barred, from ever attaining the rank of brigadier, Secretary Weeks was said to have declared, if Colonel Moseley and Drum were promoted immediately. Their promotion at an early date in any event is assured, Secretary Weeks' nomination.

THE AMERICAN FARM BUREAU TO ASK FOR SPECIAL LEGISLATION

Repeal of Guaranty of the Transportation
Act, a Reduction of Railroad Rates and
Equal Protection Under Tariff for Agri-
culture Are Among Things Recommended

(By The Associated Press)

WASHINGTON, April 23.—Repeal of the guaranty section of the transportation act, reduction in railroad rates, equal protection for agriculture under the tariff, and adequate credit facilities for agriculture was announced today as the legislative program of the American Farm Bureau Federation will recommend to congress as an aid to farmers.

Strong opposition was expressed to any sales tax, to repeal of the excess profits tax, and to any tariff on lumber and fertilizer. Another recommendation proposed the submission of a constitutional amendment prohibiting the issuing of all tax free securities as "more than \$16,000,000 in securities now escape a federal tax."

The federation reaffirmed its stand for packer regulation invested in the department of agriculture and opposition to any federal excise tax on land.

AUSTRALIA WILL NEVER TAKE PART IN U. S. STRUGGLE

Premier Hughes Says
Such an Event is Un-
thinkable

ENGLAND AND U. S.
HOPE OF WORLD PEACE

(By The Associated Press)

MELBOURNE, April 23.—For Australia ever to take part in a struggle with the United States was something unthinkable and outside the bounds of possibility, declared Premier Hughes in concluding the debate in the house of representatives today on the proposed imperial conference, at which Premier Hughes is to represent Australia. The subject of the Anglo-Japanese treaty was prominent in the discussion, and in alluding to it one prime minister said:

"I have said repeatedly that the chief problem before Great Britain is to draw up a treaty which will not involve us or Britain in a struggle with the United States. The hope of the world depends upon some sort of an understanding between America and the empire, and it is to find a way of realizing that hope that minds of those attending the imperial conference should be directed."

"It is unthinkable and not within the bounds of possibility that we should ever take part in a struggle against America."

"An understanding with America is essential and we cannot afford to quarrel with Japan, Australia, however, must stand by her own ideals."

Labor members had expressed fear that Australia might be drawn into a war with the United States.

The military importance of the Anglo-Japanese treaty was discussed by Premier Hughes in a recent speech to his constituents at Bendigo, Victoria.

"But for the Japanese," said the premier, "how long would it have been before our great cities would have been reduced to ruins in the early stages of the war."

"I will not agree to an alliance with any nation that will bring us into war with America, for the only hope of world peace is in alliance between the two great branches of the Anglo-Saxons."

"A world war arising out of the Yap Island dispute would be a disgrace to civilization."

GO TO NEW HOME

Mr. and Mrs. John W. Larson, who have been living at the Alexander apartments, will Monday become residents of the second ward. They have leased the residence at 134 Caldwell street.

Weeks is understood to have declared.

All of the nominations with that of Charles G. Dawes to be a brigadier general on the reserve list will be submitted Monday. No opposition was expected to the Dawes' nomination.

The attention of congress was called to the "important and differing factors affecting food products from the American farm in their relationship to imports of like products from foreign countries," in considering the labor cost in making up the tariff law, and to "center" of food production of the United States as being "scattered" in the Mississippi valley while the center of consumption is in the populous areas of the east "many hundreds of miles away." Ocean freight rates from competing countries to the consuming centers were declared to be much lower than domestic rates.

Not Adequately Financed.

After setting forth that "recent experiences" have shown that the farmers are "not adequately financed" and that their welfare is jeopardized when they avail themselves of the present short time commercial credits, the federation recommended legislation to provide proper authority for commodity and cattle financing and for personal rural credits secured by proper insurance features. It also asked that profits from the federal reserve banks be used as a revolving fund to provide working capital during the interim between requests for money and the sale of the debentures.

Recommendation was made that such debentures be made eligible for sale in federal reserve banks or on the open market. Increase of the maximum amount which may be loaned to a single borrower from the federal land banks from \$10,000 to \$25,000 was suggested.

Announcement was made that a committee consisting of John Brown; Indiana; W. G. Jamison, Colorado; and Chester H. Gray, Missouri, had been named to study the Muscle Shoals, Ala., nitrate project.

Some building trades workers in Chicago have awakened to the fact that a number of their leaders have been responsible for numerous strikes and lockouts and so caused stagnation in building and at the expense of the

workmen. There are indications that the Dailey committee will later on make some disclosures which will show that many of the workers have been duped by false and unscrupulous leaders.

THE UNSOLVED QUESTION.

Washington dispatches indicate that President Harding is more and more of the opinion that the railroad situation is the crucial thing in so far as business of the country is concerned. The demand for lower freight rates continues and it is recognized that when lower rates can be given for the transportation of those commodities classed as necessities then there will be great general relief for business. This is the diagnosis of the situation and the next important thing is the application of the proper remedy.

The difficulties that have come

about have naturally raised the question as to the wisdom of the Esch-Cummins law, and it is possible that there must be a new railroad measure before the greatly needed relief can be given. Unfortunately relief through legislation will be slow of accomplishment and some other means must be found if the situation is cleared up with enough promptness to avoid increasing business distress.

BACK TO NORMAL IN MEXICO.

At dawn these spring days the firing squads of Mexico are busy. In the chill before sunrise there is the shuffle of feet in unison, the adobe wall, the bandaged eyes and the staring muzzles of the rifles. The old cycle is swinging round again. The hopeless peon becomes a lawbreaker, the lawbreaker becomes a bandit and the bandit finds a leader and becomes

a revolutionist. There is no lack of would-be leaders in Mexico.

The normalcy of any year of these last 10 years in Mexico is coming back. The news has a familiar ring. A Mexican "era of good feeling" is a fleeting thing. The train is laid to the powder bins. The Mexican president has a Calles problem, a labor problem, a bolshevist question and an American "slacker" menace, all in addition to the immemorial troubles of an old and troubled land. He wants and needs American recognition, but dares not take it on American terms. Mexico seethes with politics, and politics in the land of the Eagle and Snake turns to the rifle rather than the ballot. Calles, minister of the interior, the protector of the "slacker," wants the head of Obregon. The cowardly gentry, the followers of Lenin and Trotsky, who beat the draft officials to the border in 1917-18, are back of Calles to a man. Good relations between America and Mexico would bring evil days to these lords of the white feather.

Obregon on one side, Calles on the other, are croning for the leap. There is an unhappy country south of the Rio Grande.

THE HEALTH OFFICE PROPOSAL.

It may be worth while for the authorities of Morgan county and Jacksonville to hold up their plan for the appointment of an all-time health officer. A bill was recently introduced in the state senate by Senator J. A. Wheeler, which provides for the appointment of a county health commissioner at state expense in each county of the state. There is provision affecting some of the smaller counties so that special commissioners could serve two or more contiguous counties.

If the measure becomes a law, it will be the duty of the health commissioner in each county to "enlist the co-operation of, correlate and systematize all of the official and non-official health, welfare, nursing and other agencies for health benefit in the various communities of his county." * * * act as deputy state registrar in obtaining and transmitting to the department of public health reports and registering all deaths of the county and all communicable diseases. That the state department of health is strongly in favor of the proposed law is indicated by the following statement, issued from the department:

"The importance of these duties may be judged from the fact that only 76 per cent of the births are being reported in this state. Strange as it may seem, in many counties, deaths of infants have been reported where there were no record of births. The same is true in the matter of reporting communicable diseases. In many counties, for example, there are many deaths from tuberculosis and pneumonia than there are cases of these diseases reported. The measure has many admirable features which will meet with the approval of the public."

MARY PICKFORD AND THE SOLDIERS

There are so many things unknown to the general public about the actors in the great pictures of screen and stage that one or more of these little incidents may be of interest.

When so many of Uncle Sam's boys were in the concentration camps all over the west, and east, there were always many home raised boys there who missed mother's cooking, care and watchfulness and who were almost ruined as soldiers by that great disease so common to the average American known as homesickness. The recent great upheaval of patriotism and attention of the mothers of the land did much to help the situation, but it remained for one woman of the country, a very well known woman too, to drive more heartache and homesickness out of the army camps than anyone other branch of the service.

Mary Pickford was never too tired, never too busy and never too worn up with her social duties to give of her time and talent freely to the boys in khaki. At all hours of the day and night this little woman answered the call to duty in her own peculiar way.

There are people here in Jacksonville who knew her work in the western camps and from them came the facts of this little story. One of these men works at one of the local banks and says that the soldiers fairly idolized the little lady so soon to appear on the local screens.

No matter what her faults and failings may be the fact remains that, taken all in all she is termed the greatest screen actress before the American people today, in her particular line of work.

SOMETHING TO THINK ABOUT AT THE GRAND

Cecil De Mille's latest production, "Something to Think About," is different in theme from anything that he has attempted in the past. He has expended his artistry and meticulous attention to detail upon an intensely human story of real folks. The result is a picture in every respect up to the usual De Mille standard. "Something to Think About" opens a two days' run at the Grand theater tomorrow.

The story, written by Jeanie MacPherson, who transcribed "Male and Female" and "Why Change Your Wife?" to the screen, centers around Ruth Anderson, daughter of the village blacksmith. A rich man, David Markley, lives in the neighborhood and, becoming interested in Ruth as a small girl, sends to her native town to find her father blinded, she is in despair, until a series of dramatic events leads to her reconciliation with Markley.

A cast that is practically all-star interprets "Something to Think About." Gloria Swanson has the role of the heroine and proves that she is just as effective an actress in gingham as she is in fine clothes. The picture marks the return of Elliott Dexter to the screen as leading man. Theodore Roberts is admirable as the old blacksmith and Monte Blue has an important part. The picture is a Paramount.

FRANKLIN MUSICAL CLUB MET SATURDAY

First Program of Recently Organized Club Given Saturday Afternoon at Home of Mrs. A. F. Ruble.

Franklin, April 23.—The initial program of the Franklin Musical club was given Saturday afternoon at the home of Mrs. A. F. Ruble. The assistant hostesses were Mrs. M. D. Henderson and Mrs. F. H. Kuntz. There was a large attendance and they found the program one of especial merit. —A Bank's primary purpose is to serve the public—it's clients; to facilitate the financial business of a community, to act as a depository for surplus funds, and to give advice.

—Just in the manner in which this service is rendered does a Bank obtain confidence and growth.

—A bank's ability to inspire confidence is due to long experience and training necessary to the successful handling of financial affairs, and to the degree of caution and watchful care exercised.

—This Bank offers you the highest type of service in the handling of any interest given into its keeping, and solicits your patronage on this basis.

That Was the Message EARLE WILLIAMS, in "THE PURPLE CYPHER"

A story of dark deeds and queer twisted conspiracy silhouetted against that bizarre and baneful spot—Frisco's Chinatown. Dainty

Mary Miles Minter

With Jack Holt in

"ALL SOULS' EVE"

Adapted from the Play by Anne Crawford Flexner

WHY IS MARRIAGE?

Not just because a man and a maid meet and love. Sociologists will tell you that marriage and the home, as human institutions, grew up around the child. Primitive man, like the beasts of the field, could rove at large and sleep wherever night overtook him, until his mate began to complain that she simply wouldn't lug that heavy baby any further. Then they selected a nice cave, stopped wandering, and thus a home came into being. The miracle of love makes a home—But one lie can break it! See gifted Mary Miles Minter in two different roles, in this most poignant drama of love, ambition, treachery, tragedy and final happiness.

ADDED ATTRACTION—2-REEL SUPER COMEDY

LARRY SEMON in THE STAGE HAND

It is his latest "blues buster" and as the "hoob" stage hand he succeeds wonderfully well in doing the wrong thing just at the right time—the right time to catch you coming out of one fit of laughing and send you into another. It is another one of those rib-tickling comedies that brought forth the slogan—"laugh with Larry." He makes you do it whether you want to or not.

DOMESTIC SCIENCE ROUND TABLE

Very Interesting Session Held at Home of Mrs. J. L. Henry—Officers Elected.

Mrs. J. L. Henry, of 215 Webster avenue, was hostess yesterday afternoon to the members of the Domestic Science Round Table of the Jacksonville Woman's club. The attendance was unusually large and a very delightful afternoon was enjoyed. Mrs. J. L. Henry, the chairman presided. It was the time for the annual election of officers and the following officers were chosen to serve for the coming year:

Chairman—Mrs. J. J. Reeve.
1st Vice Chairman—Mrs. E. D. Herald.

2nd vice chairman—Mrs. M. E. Gilbert.
Recording Sec.—Mrs. J. F. Claus.

Corresponding Sec.—Mrs. W. O. Baumgartner.
Treasurer—Mrs. Ernest Sovern.

Asst. Treasurer—Mrs. Charles Ator.

Mrs. Buffe, president of the Jacksonville Woman's club, read an invitation to the members of the Round Table to attend a cooking demonstration in the Domestic Science class room of the Illinois Woman's College at three o'clock the afternoon of Thursday, May 19th. The purpose of this demonstration is to show the advantages of controlled oven heat for cooking and baking by using a gas range equipped with the "Lorain" Oven Heat Regulator. This invitation was accepted and a large number signified their intention of attending the demonstration.

The question of changing the date of their next meeting was discussed and it was decided to hold the next meeting the week before the date of the Annual Woman's club breakfast in order to get the year's report in at that time.

A group of songs was given by Mrs. H. C. Woltman in her usual inimitable manner. She sang "Rose in the Bud" by Dorothy Forster, "Mother Machree" by Rida Johnson Young, and "A Birthday" by Frederic H. Cowen. These were so much enjoyed that Mrs. Woltman kindly responded to an encore with "A Perfect Day" by Carrie Jacobs Bond. Miss Lillian Loneragan acted as Mrs. Woltman's accompanist.

The subject for the afternoon's discussion was "Your Summer Table" and a very excellent paper was read by Mrs. C. L. Mathis. The business of housekeeping is really "Big Business" whether one considers the capital invested or the health and efficiency of individuals concerned. The planning of meals is not a task for either the idle or the ignorant and Mrs. Mathis proved in no unimpeachable manner that she knew whereof she spoke. Mrs. Mathis explained how people often desire in both food and drink that which is not good for them. The requirement for food is governed by age, sex and occupation. And this fact must be taken into consideration in the family dietary. She explained the correct way of cooking vegetables and how the combination of vegetables could be used in many and varied forms.

She spoke of the wholesomeness and great food value in the use of fruits and the important part they took in a well-balanced diet and how they should be made to furnish a considerable part of the daily fare. She also gave many good suggestions for making iced beverages.

After the afternoon's discussion a social hour was enjoyed at which time dainty refreshments were served.

Mrs. Henry was assisted in entertaining by Mesdames H. D. Atkins, J. W. Arnold, Clifford Alves, Chas. Ator, Geo. Baxter, J. W. Botkins, Wm. Cleary, F. H. Cogswell, A. F. Dowdall, Lucy Davis, W. H. Cocking, Clyde Cox, A. F. Kinner, Jeffrey Cleary, Ralph Cowgur, A. E. Williamson, Sidney Jones, George Bradley, Houston Cowgur, Dora Lowdermilk, W. H. Haneline, J. H. O'Donnel, and Misses Anna F. Bradley and Violet Davis.

—It was the most fun I ever had running a lawn mower. Last night after supper I tried out one of the Eclipse lawn mowers. Believe me, it's some easy grass-cutting machine! And say, the way it cuts grass! Another thing—the Eclipse is the easiest lawn mower to sharpen and adjust that you can buy. When you buy an Eclipse you don't need to have a kit of tools to keep it in fighting trim. A slight turn, and the sleeve on reel draft reverses the blades for sharpening, and two thumb nuts set the blade. Just try mine once, and you'll soon be hurrying down to

San Antonio, Texas, April 23.—Disposition of Linn A. Eagles, American radical deported from Mexico and who was taken to Fort McIntosh, Texas, yesterday, where he is being held on a charge of evading the selective service act, will be made by the war department according to an announcement today at headquarters of the eighth army corps area.

Eagle, who has declared that if imprisoned he would go on a hunger strike, failed to live up to his threat at Fort McIntosh today, according to reports received here tonight. He ate heartily when a plate of red beans was placed before him and called for more.

WILSON VISITOR AT VAUDEVILLE THEATRE.

Washington, April 23.—Woodrow Wilson attended the theatre tonight for the first time since he retired from the presidency. It also was the former president's first visit to the vaudeville house, since his illness of September, 1919.

Arriving after the performance had started, the former president with Mrs. Wilson, Miss Margaret Wilson and J. R. Bolling, his brother-in-law, walked unnoticed into the building and was seated in the rear row of the orchestra and witnessed the performance without more than a half dozen persons recognizing him.

MILITARY BARRACKS IN KILRUSH UNDER ATTACK FRIDAY NIGHT

Fight Ensued Which Lasted For Three Hours, One Killed

TWO HUNDRED RAIDERS HOLD UP TRAIN

DUBLIN, April 23.—The police and military barracks in Kilrush, County Clara, were attacked last night by armed men and a fight ensued which lasted three hours, in which one police sergeant was killed and two soldiers wounded. The attackers withdrew without capturing either barracks.

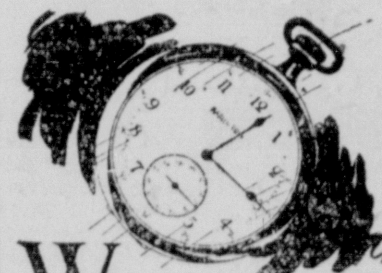

Two hundred raiders held up a train of 34 cars today between Claslough and Monaghan. The raiders made prisoners of the driver, fireman and guards, and then set fire to the train. The fireman was forced to set the train in motion and jump off the engine. The train ran half an hour before stopping. Twenty cars were destroyed and more than 200 yards of the railway line suffered damage. It is understood the train was conveying to Belfast goods against which the Sinn Fein boycott has been declared.

D. A. R. ADJOURN AFTER INSTALLING OFFICERS

ASHINGTON, April 23.—The Daughters of the American Revolution adjourned their thirtieth national congress today after installing officers elected yesterday. While proceedings of the first session were of a perfunctory nature, announcements of candidacy for president-general in the 1923 election by several aspirants and the action of the resolutions committee in pigeon-holing a resolution calling upon members to aid in a strict enforcement of the Volstead prohibition act, proved interesting topics to the delegates.

TRUTONA—the Perfect Tonic

According to statistics the death rate in Jacksonville is higher than any other city of its size in the state. This should not be. Jacksonville should be the healthiest place on the map. Two things govern health—hygienic conditions and medicine. One of the best medicines we know of to tone up the system and keep it in condition to ward off disease is TRUTONA—the perfect tonic.

Prominent People Testify to its Merits

Everyone knows that a man in my profession could not and would not recommend a medicine unless it were really one of merit," says Dr. J. Richards, a prominent physician of Western Tennessee for the past fifty years, who lives at Kenton. "I've personally tried Trutona and it compels me to recommend and commend it as an appetizer, strengthener, system builder and nerve tonic—in short, a preparation of real medicinal merit."

"I've taken Trutona and it has certainly proven its merit. I can safely recommend this medicine to anyone," were the words of Judge J. L. Ferrill of the Henderson, Ky., police court and highly respected resident of that city in a recent public statement. "Could anyone ask better proof of a medicine's merit than the foregoing from a staid Kentucky jurist?"

The marriage of Miss Eva Mae Johnson and Walter H. Meyer, both of Jacksonville, was solemnized at 8:30 o'clock Saturday night at the home of the bride's aunt Mrs. H. A. Clemens, 352 E. Court street. The Rev. George W. Randle, pastor of Brooklyn Methodist church, was the officiating clergyman and the ring service was used. Only immediate relatives and friends were witnesses to the ceremony. Mr. and Mrs. A. E. Spiva of St. Louis were the attendants, Mrs. Spiva being a sister of the bride.

Following the ceremony came congratulations and an informal reception, Mrs. Clemens and Mrs. Simms having made generous preparations for the entertainment of members the wedding party and their friends. The bride's gown was a handsome one of blue Canton crepe. Mrs. Meyer is a daughter of Mr. and Mrs. J. W. Johnson, who reside on Route 5 southeast of the city, but has lived in Jacksonville for a number of years. She is a member of Brooklyn church and is a young woman whose characteristics have given her the friendship and good will of many people.

The groom was formerly located in Carlville, where his mother,

er, Mrs. Caroline Meyer, is still a resident. For the past few years he has been a citizen of Jacksonville and now holds a position as linotype operator in the composing room of the Courier. Mr. Meyer has the confidence and good opinion of those who know him best. The newlyweds will for the present make their home at 352 East Court street.

Among guests present at the wedding were Miss Clara Meyer, Carlville; Mr. and Mrs. Edward Johnson, Fairfield; Mr. and Mrs. A. E. Spiva of St. Louis; Mrs. Henry F. Reiher, Carlville, a sister of the groom; Mr. and Mrs. J. W. MRS. LOIS BAPTISTE HARSCH ON PEKIN CONCERT PROGRAM

Friends of Lois Baptiste Harsch who appeared on the program of the Woman's club annual concert, will be interested to hear that she enjoyed another successful appearance before the Little Society of Pekin on April 19th.

The program was given in conjunction with Miss Christine Macrae, a Scotch soprano of much charm. Both artists were received with marked enthusiasm. Mrs. Harsch has dedicated her song "A Red, Red Rose" to Miss Macrae, who sang it with great effect upon this occasion. Miss Macrae leaves shortly for a tour of Scotland and England and will introduce Mrs. Harsch's composition there.

THE ILLINOIS WOMAN'S COLLEGE LAUNCHES A CAMPAIGN FOR HALF MILLION DOLLARS

An additional half million dollars in the next two years is the immediate goal of the Illinois Woman's College. The campaign is now definitely begun. Every student, every member of the faculty, every former student and alumna, every friend of education will be sought and enlisted in the new movement.

The offer of the General Education Board. The campaign is inspired by the necessity of the College for increased endowment and equipment, and by the generous offer of the General Education Board to give \$133,333 if other friends will cooperate to make a total of half a million, to be subscribed before June 30, 1923.

The General Education Board has been attracted to the College by its remarkable advance in the last few years, both in numbers and in academic standing. The Board is adding only colleges that are doing high service both to church and the nation, and whose permanence is assured.

A careful study of the College shows that it needs at once for increase of teachers' salaries, and for additional library and other equipment, at least \$500,000.

It is proposed to secure the first half of this amount by the coming Commencement, June 1-7. The pledge of the General Education Board is now in the hands of the trustees for \$133,333. It will require \$116,667 more in gifts and pledges to reach the half way mark. But since it ought to be done, it can be done, and the appeal will not be in vain.

Faculty and students are ready to begin. Other friends will have an immediate opportunity. An eager response is expected from former students and alumnae. As soon as the Chicago Society heard of the movement they at once voted to subscribe \$2,000.

Two Million Dollars the Ultimate Goal. This \$500,000 is only the first step in a still larger movement for the development of the College. A ten year program has been decided on to increase the total assets of the College from \$750,000 as at present to Two Million Dollars by 1931.

A Tremendous Undertaking. The Trustees and President Harker understand full well that to increase the assets of the College \$250,000 by Commencement Day, \$250,000 more by June 30, 1923, and to a total assets of Two Million Dollars by 1931, is a tremendous undertaking.

It is not a task for the timid or faint-hearted or skeptical or narrow gauged.

It will take courage—indomitable courage.

It will take persistence, the kind that cannot be rebuffed.

It will take faith, the faith that is at the center of everything worth while.

And it will take co-operation, the hearty, united, continuous co-operation of all that are interested in and devoted to the cause of Christian education as represented by so excellent an institution as the Illinois Woman's College.

But the end will justify such courage, and persistence, and faith, and co-operation. It will be a great honor to have any share in the making of a really great college for women. It will be one of the greatest factors in the permanent upbuilding and beautifying of Jacksonville, it will be one of the greatest assets of the Illinois Conference, and one of the most helpful institutions of the state and the nation.

Who can compute the worth of a single educated Christian woman, fully prepared for leadership, and thoroughly devoted to service in church and state and home, in any community where she may live? And the Illinois Woman's College, fully equipped and endowed as it will be by this program, will be sending out scores of such young women every year.

The College confidently expects the good will and prayers and active co-operation of thousands of friends in this laudable program of advance.

PADDOCK BREAKS FOUR WORLD'S RECORDS

WESTERN MARVEL SHATTERS MARKS IN CALIFORNIA

RED LANDS, Cal., April 23.—Charles W. Paddock of the University of Southern California, broke world's records for 100 meters, 200 meters, 300 yards and 300 meters at the Southern California A. A. U. meet here today, according to official timers.

Paddock's time for the 100 meters was 10-2-5; 200 meters, 21-1-5; 300 yards 30-1-5; 300 meters, 33-4-5 flat.

He ran 100 yards in 9-3-5 seconds, tying the world's record and 220 yards in 21-1-5 seconds.

LIMIT OF RACE HORSE SPEED IS NEARLY REACHED

This is Belief of W. R. Anderson of Kentucky State College

LEXINGTON, Ky.—The limit in speed of trotting and running horses has almost been reached according to Prof. W. R. Anderson, head of the Kentucky State College of Agriculture. Improvement in the future will be much slower than at any time in years passed, he said.

Prof. Anderson has been making a special study of record-holding "Standard-bred" trotters and "thoroughbred" runners, and bases his conclusion on a study of records and histories of the animals covering a period of more than 50 years.

In 60 years, the record of three-year-old trotters has been lowered from 2:40 to 2:02 1/2, a reduction of 37 1/2 seconds, Prof. Anderson finds. In 48 years the American record of running horses over a distance of one mile has been lowered from 1:42 1/2 to 1:34 4-5 a reduction of six and four-fifths seconds. Neither breed has failed to make improvement during a generation, according to Prof. Anderson, and in some cases improvement has been so rapid that many new records have been made in the life of a single horse.

The gradual improvement in the speed of trotting horses, according to Prof. Anderson, is shown clearly by the records of three-year-olds and the years they were made. These are as follows:

1860—Elvira Whiteside, 2:39; 1874—Lady Stout, 2:29; 1883—Hazel Rose, 2:19 1/2; 1889—Axtell, 2:14; 1892—Arion, 2:10 1/2; 1910—Colorado E, 2:04 1/2; 1914—Peter Volo, 2:03 1/2; 1917—The Real Lady, 2:03; and 1920—Sister Bertha, 2:02 1/2.

When Peter Volo established his unexpected race record of 2:03 1/2 in 1914 the prediction was made that the limit of speed for his age had been reached, but Miss Bertha Dillon equalled the record in 1917, while The Real Lady cut one-half second off it. Three years later, Sister Bertha, a full sister of Miss Bertha Dillon, placed the time at 2:02 1/2. Prof. Anderson said that there are reasons to believe that the ambition of breeders to place the three-year-old record at two minutes may be realized.

INDEES TILT LOCAL BASEBALL LID TODAY

Will Entertain Springfield Team In Opening Game—Many Old Favorites in Visitors' Lineup.

With the consent of the weather man Frank Smith's Indies will tilt the local baseball lid at South Side park this afternoon with Springfield as their opponent.

For several weeks past Manager Smith has had men at work on the grounds and a number of changes have been made that will give patrons better accommodations this year. While the diamond was rather damp yesterday the sun and wind dried it rapidly and with any kind of weather today the field should be in excellent shape for the game.

While weather conditions have not been of the best, the Indies have been able to get in some practice and will be in fair shape for the game. Nearly all of the old men will be seen in the lineup this afternoon with a new man, Morrow at first base. Christopher will take care of second in the opener.

"Buck" Sims and Hamm are carded to pitch. "Buck" has been working out well and will essay a comeback. If his arm is half as good as it used to be he should be able to beat most of the teams in this section. Hamm also is going well and with the experience he had last year should develop into a winning pitcher this year.

Many men who are favorites here will be seen in the Springfield lineup. Johnny Grady, who caught here the greater part of last season will be back of the log with Martin or Chestnut hurling. McHugh, DeFrates, Wilkin, Moakley and one of the numerous Fords will also be with Springfield. They make a combination of hitting and fielding that is formidable and the locals will have to play good baseball to win.

Water Ely will again handle the indicator and this assures a good game from the umpiring standpoint. The game will start promptly at 3 o'clock.

JAPANESE FATHER OF BASEBALL BELOVED

Is Known in All Parts of the Kingdom—Hopes By Tour of This Country to Further Friendly Relations.

Chicago, April 23.—The Japanese "Father of Baseball," Professor Ito Abe, who is bringing over the Waseda University nine this spring for the farthest east a Japanese ball team has ever played in this country, is one of the most beloved of all Japanese public men, according to Coach Merrifield of the University of Chicago.

Prof. Merrifield helped to develop the Waseda team 15 or 20 years ago while a fellow member of the Waseda faculty.

"As the initiator of baseball in Japan and as a maker of athletic champions, Prof. Abe is known in all parts of the Sunrises Kingdom," the Chicago baseball tutor said.

"In bringing his team to the United States this spring for the fourth time, Prof. Abe hopes to demonstrate the fact that Japanese young men can play baseball as well as any other nationalities in the world, given equal advantages with the rest."

"He also hopes to prove by this extended tour of America how cordial are the feelings which the educated, democratic portion of the Japanese people harbor toward America and the world."

Professor Abe is modestly itself. Trained at Yale, he is a leader of liberal Christian thought, and as fluent a speaker in English as in his mother tongue.

"Again and again he has refused tempting positions of honor in Japan that he might continue to influence the youth of Japan thru the classroom and especially thru athletics."

PENNSYLVANIA WINS MEET FROM HARVARD

Philadelphia, April 23.—Pennsylvania, the intercollegiate champions defeated Harvard in a track meet today 69-1-2 to 47-2-3. Rain swept the oval and left the field and track soggy and unfit for record time.

Captain Earl Eby and Everett Smalley, of Pennsylvania, divided honors, each winning two first places. Eby gave his team ten points in the quarter and half mile, and Smalley did likewise in both hurdles. The Pennsylvanians swept through the track events, losing only one first place.

The French runners, here for the Pennsylvania relays next Saturday, watched the American athletes and cheered impartially the good performances of both teams.

ROCK ISLAND WINS FROM MOLINE 11 TO 5.

Rock Island, April 23.—Frank Smith, formerly of the St. Louis Browns, was strong in the pinches against Moline in a Three-Eye league exhibition game today, while Rock Island batted three pitchers hard and won, 11 to 5. The score:

Club: R. H. E. Moline, 000 021 020—5 10 1 Rock Island, 020 016 02—11 12 2 Batteries—Woodhead, Gerstner, Bowers and Deuffer; Smith and Tate.

MONMOUTH WINS DUAL TRACK MEET.

Monmouth, Ill., April 23.—Monmouth college defeated Hedding in a dual track meet today, 66 to 51.

AMES TWO MILE RELAY TEAM WINS IN RECORD TIME

DES MOINES, Ia., April 23.—Running the fastest two miles ever made by a team of American runners, the Ames, Iowa, relay quartette established a new two mile record of 7:52 2-5 for the Drake relays in the twelfth renewal of the games today. Five other records for the games were shattered and one was equalled.

The Ames relay team, composed of Wolters, Graham, Webb and Higgins, smashed the American record of 7:53 for the two miles hung up by the Irish American athletic Club team of New York in 1910. This record was jointly held by the Yale university quartette, which six years later, while competing in the Pennsylvania relay games, covered the distance in the same time.

The Ames flyers came within two second of equalling the world's record of 7:50 2-5 for the distance made by the combined team of Oxford and Cambridge runners who competed in the Pennsylvania relays last year. Credit for winning the race belongs to Webb, who gave Higgins a lead of eight yards on the last relay. Higgins increased this advantage to twelve yards when he broke the tape.

The record was made in a sensational race with the University of Illinois team, which pressed the Hawkeyes from the start, only to succumb to defeat after one of the most gruelling tests of speed ever seen in the west.

While Ames bagged the lion's share of honors, the Cedar Rapids, Iowa high school team also emerged with colors flying. The Cedar Rapids youths won four relay races and established new Drake records in three.

While teams and individual stars from the Missouri Valley conference, won in honors of the games, the western conference universities made a creditable showing. Illinois won the four and one mile races and finished second in the two mile. Notre Dame took the half mile university relay.

Athletes from the Missouri Valley won the honors in the two individual events. Wright of Nebraska, winner of the high hurdles in the Illinois relay carnival, won the 120 high hurdles with Wynn of Notre Dame in second place. The time was 15-2-5. Derring of Nebraska proved the fastest sprinter of the day when he won the 100 yard dash in 10 flat.

The meet was regarded as a test for the midwest athletes who are to compete in the University of Pennsylvania relays at Philadelphia next Friday and Saturday, and as a result of the remarkable performance of the Ames team in the two mile event, this quartette of flyers is expected to win in the eastern games.

The time made by Ames in the two mile relay is the fastest ever made by an American team. The previous best mark was held jointly by the Irish American A. C. of New York and Yale university at 7:53.

BOY NARROWLY ESCAPES DROWNING

Henry Mosely, eight, from his feet while wading in the spillway at Mauvaisterre park—rescued by pumping station employee.

Henry Mosely of West North street had a narrow escape from drowning at Mauvaisterre park about 6 o'clock Saturday evening.

In company with Donald Woods of Caldwell street Mosely was wading in the spillway when the strong current swept him off his feet. He managed to grab a log and hold on until an employee of the pumping station rescued him.

Before the boy was rescued from his perilous position he was whipped against the log and rocks until his entire body was badly bruised. Had he been swept over the edge of the spillway he undoubtedly would have been drowned.

The Woods boy also was swept from his feet but managed to reach the side of the spillway and get out of danger. A call was sent to the police station and Capt.

Elliott and Patrolman Williams hurried to the park in the police car but the boy had been rescued before their arrival.

These boys are about 12 or 13 years of age and were at the lake apparently by themselves. Some steps should be taken if possible to keep children of that age from visiting the parks without being with an older person.

Seniors Entertain.

The members of the Senior Class at the school for the deaf, with Mr. and Mrs. White and the juniors were entertained Saturday evening at the home of their class officer, Mr. George H. Putnam on Sandusky street.

The keynote of the occasion was found in sentiments connected with their coming graduation and thoughts of the future, several new games and contests being arranged to bring out this idea.

In the "Blazed Trail To Success" the prize was won by Walter Maack for pinning while blindfolded a little hatchet with the legend "Courage" to the trees along the pathway to success.

The contest "Making a Happier World," was won by Helen Ballard, whose proficiency will certainly make the earth rejoice.

During the evening little souvenir booklets were made up by those present for the seniors. The covers were decorated with a gilt monogram of the Class Motto and the legend "Eat, Think and Be Merry; For Today is Ours." The inside pages were inscribed with favorite mottoes, good wishes and bits of philosophy for the wise management of life.

After "Blazing the Trail to Success," refreshments served by Mrs. Putnam were appreciated. Decorations and flowers were in the class colors, green and white.

COULTAS HAS NEW LUNCH ROOM

Samuel I. Coultas has just completed a new lunch room and hamburger stand on his property on North Sandy street. The structure is of brick and is modern in every particular.

For sixteen years Mr. Coultas has conducted a hamburger stand in his present location. The old stand which he occupied during those years has been moved to the rear of the new stand and will be used for storage purposes.

In addition to hamburgers, Mr. Coultas is now serving sandwiches and short order lunches from his new stand. During all the years Mr. Coultas has been engaged in business he has kept the price of his hamburgers the same. When prices went sky high and everybody raised the price he kept on selling the same generous sized hamburger at the old price, five cents.

People have learned to know the quality of his lunches and come from far and near to patronize him. With his increased facilities Mr. Coultas is able to care for additional business which he hopes that honest dealing and fair prices will bring him.

When you are hungry drop around to Mr. Coultas' new stand, 211 North Sandy street, just north of the Douglas hotel and you will find the best at reasonable prices.

Regardless of price, the styles and qualities of young men's and men's Hats shown by FRANK BYRNS Hat Store will prove their claim for superiority.

DR. HANCHER DOING REMARKABLE WORK

Is Directing Special Campaign Work for Methodist Colleges With Great Success—Bloomington to Speedily Raise \$660,000 for Wesleyan.

Dr. J. W. Hancher, accompanied by Miss Winifred Willard, came to Jacksonville at midnight Saturday and are guests at Illinois Woman's college, where they will remain for several days.

Dr. Hancher has been for a number of years the representative of the board of education of the Methodist church, who specializes in directing financial campaigns for the educational institutions of Methodism. He has made a marvelous record and the Northwestern Christian Advocate of this week, referring to the campaign for the College of Puget Sound, Tacoma, said:

"This institution closed its great million dollar development campaign last midnight with a safe margin on net values. The grand total of face values was well above the amount asked. A great celebration was held on the campus last night and the trustees and faculty are jubilant."

The Advocate further said: about making two blades of grass grow where one grew before! Hancher can make \$10 grow where 10 cents were evident before."

Dr. Hancher went from Puget Sound to Oklahoma City, where a campaign is in progress at Oklahoma City College, then spending a day or two at Meadville with Allegheny college and arrived in Bloomington Saturday to attend the banquet given in preparation for the Wesleyan campaign. It is proposed to raise in Bloomington \$660,000 between the dates of May 25 and June 30.

Miss Winifred Willard is director of publicity in the special campaign work and has become a valued co-worker of Dr. Hancher. Miss Willard, who is a former resident of Jacksonville, is a daughter of J. P. Willard of Denver and well and favorably known here.

TAX QUESTION IN ROAD DISTRICT

Action Brought Seeks to Compel Collector to Turn Over Funds to District Seventeen.

Road district No. 17 is the complainant in an action brought in the office of Circuit Clerk Wamamaker against Sheriff W. H. Weatherford as collector. This is known as a friendly court proceeding, brought for the purpose of determining what shall be done with the taxes, collected in that portion of road district No. 8 which by action of the county board was made into district No. 17.

After the district had been formed quo warranto proceedings were brought against R. S. Hamilton as commissioner and Clark Stevenson, clerk, and the circuit court finding was in favor of those persons who objected to the formation of road district No. 17. However, the case was appealed to the supreme court and no final finding has been made.

The amount of money raised in taxes in district No. 17 is about \$10,000. It is understood that Sheriff Weatherford has legal advice that it would not be proper for him to turn over the funds collected to the clerk of the district, since the validity of the formation of the district has been questioned.

WHAT A TONIC DOES FOR YOU
AND WHY YOU NEED IT IN SO MANY INSTANCES WHEN YOU ARE RUN DOWN, NERVOUS OR HAVE HAD TO ENDURE GREAT STRAIN OR WORRY OF ANY KIND
A tonic is something which puts tone, energy, strength and endurance into you. It gives a push to your heart, making it pump the blood over your body more vigorously; it makes your lungs expand more fully and thereby take up more strength-giving oxygen from the air you breathe; it makes your kidneys work better and carry off the poisons which would otherwise accumulate in the body. It makes your digestive apparatus perform its work better and give your blood the material it needs for feeding and sustaining your body. It makes your brain act more vigorously and enables you to think more accurately and for long periods without fatigue, thus bringing you greater success in whatever business, profession or undertaking you are engaged.
When you are rundown, nervous, half sick, downhearted and about ready to give up, experience of many years has shown that one of the best remedies to pull you out of this predicament is good old organic iron. But be sure the iron you take is organic iron, the kind that is found in plants and not metallic iron which people usually take. Organic iron may be had from your druggist under the name of Nuxated Iron. It often increases the strength, energy and endurance of weak, nervous, tired-out folks in two weeks time. Beware of substitutes. Always look for the word "Nuxated" on every package and the letters N. I. on every tablet. Sold by all druggists.

Rainbow Division on the West Front.
The Chicago Operatic company, the great vocal quartet which was so popular last year.
The Zedeler Symphonic Quintet.
Al Sweet's Wyle Buscar band of eighteen pieces for three days and the Parnells, a novelty musical duo.
Among the entertainers will be:
Ramahaska's animal show.
Henry and Company in magic and novelty pictures and music.
Gay Zenola McLaren, reader and entertainer.
The lecturers include:
Roy Smith, who was so popular last year that the assembly breaks its rule and brings him for another lecture this year.
William H. Lichteiter, an orator who has been taking the assemblies by storm for several years.
James Whitcomb Brounger, the famous Los Angeles preacher, who appeared at the assembly several years ago.
Mabel Quaim Stevens, a chautauqua lecturer of national reputation.
Several other speakers will be secured.
The assembly sessions will be a week earlier than heretofore. The change has been made to avoid conflict with the dates of the dates of the State Fair.
The dates are August 12 to 21, inclusive and are in the week before the state fair.
The financial statement for the 1920 chautauqua is:
Receipts:
Season tickets \$6,414.55
Single admissions 2,171.75
Tents 1,169.50
Interest 53.30
Miscellaneous 16.71
Total \$9,825.81
Expenditures:
Help \$1,044.00
Advertisement 409.74
Grounds and Tents 2,850.08
Miscellaneous 207.95
Program 4,571.39
Insurance 100.00
U. S. Admission tax 809.14
Total \$10,992.32
The 1920 assembly showed a loss of \$266.51, due to road and weather conditions, conflict with the state fair and a street car strike. However, the chautauqua has a balance of \$2,923.32 in its treasury. It is not conducted to make profits, but to provide the best possible assembly at the least cost to patrons. Any one interested in any detail of the finances of the association may see the figures for any recent chautauqua upon request to the secretary.

NOTICE TO THE PUBLIC

On account of the dull period and having a large number of teams and in order to keep them busy, we have contracted for 75 cars of the famous Carterville Lump Coal and we can offer the same to the public at \$6.50 per ton cash delivered within the city limits.

We would advise placing your orders early for what you might need. Our contract expires on May 10th, so fill up your bins and take advantage of this low price, as coal will be higher.

COLORED BOYS

ARE PAROLED
Simmie Knight, Homer Stone, Forest Postley and Guernsey Ramsey, three colored lads charged with stealing chickens were before Judge Samuel in the juvenile court Saturday morning.

Knight who is believed by Chief Kiloran to be the ring leader of the gang was sent to St. Charles, while Stone, Postley and Ramsey were paroled to Miss Fowler, city matron. In passing upon the case Judge Samuel took occasion to give the boys a good talking to which it is hoped will result in a change in their actions in the future.

SHOES FIXED

Children's shoes need mending? Husky youngsters are rather hard on sole leather. But remember, "a stitch in time," and bring the worn shoes to us.

Fordson

\$625 F. O. B. Detroit

The Fordson saves from thirty to fifty per cent of the farmer's time.

The Fordson plows, harrows, drills as much ground in the same time as from four to six horses. (Many farmers say it does the work of eight horses.)

The Fordson does for the farmer just what machine power does for the manufacturer—it enables him to manufacture his product at less cost. And that is what the farmer wants to do; grow his crops more cheaply and make his margin of profit greater. And the Fordson will help him do it.

Daily Market Report

STOCK MARKET

HAS LIVELY SESSION
By Associated Press.

NEW YORK, April 23.—Rail-
way shares, especially those com-
prising the investment or divid-
end paying division, had their
influx during today's short but
lively stock market session, ris-
ing spiritedly to the discomfiture
of the shorts.

The market was disposed to
enhance recent gains, altho some
favorite issues in the steel,
equipment and related groups
forfeited part of their advance
on the usual week end realizing
movement. Sales amounted to
535,000 shares.

The bond market was fairly
active, most branches of the list
holding steady, except liberty is-
sues, where several minor recess-
ions were registered. Total
sales, par value, aggregated \$5-
575,000.

The noteworthy feature of the
clearing house statement was the
decrease of \$68,630,000 in
actual loans and discounts. Net
demand deposits decreased about
\$42,550,000 and a cash contrac-
tion of approximately \$6,850,000
reduced excess reserves to about
\$9,600,000.

Do You Carry "Job Insurance?"

Do you? You no doubt carry life insurance, and fire insurance, possibly accident—and health insurance. But do you carry "job insurance?" That is, are you going to be able to face a workless period and without tear of poverty?

Life insurance doesn't prevent you from dying; but it DOES protect those you leave behind. A bank account will do better than that. It protects not only your family, but you yourself, in case you should lose your job. You can't afford to take a chance.

One dollar opens an account for you at the Farrell State Bank.

CALIFORNIA I. C. GRADUATES PLAN FOR BIG BANQUET

General Meeting of Western Alumni at Los Angeles Monday Night. Other Illinois College Notes.

The Illinois College Alumni Association of Southern California is planning to hold an organization banquet in Los Angeles on Monday evening, April 25. A general meeting and supper of Jacksonville people in Los Angeles was held last January and the present Alumni association is an outgrowth of that meeting. The association will include in its membership the alumnae of the Academy, Athenaeum and Conservatory as well as the former students of the college. Professor Mendel G. Frampton of Pomona college is president of the association.

During the past week a subscription of \$250 for the New Endowment Fund was received from a member of the class of '03 now residing in St. Louis.

News was recently received of the death of Mrs. Mary Gamble Van Blarcom. She was a graduate of the class of '67 of the Jacksonville Female Academy.

President Rammekamp will attend the meeting of the Federation of Illinois Colleges at Eureka on Monday and Tuesday.

Professor J. G. Ames, head of the English department, and Miss Flora M. Taylor, instructor in Latin and English, went to Bowen, Ill., Friday to judge a contest in declamation at the Bowen High school.

The French club met at the home of Mrs. James Merrill on West College avenue last Tuesday evening. During the evening the club learned several French songs and Edmund Munger of the Conservatory of Music, entertained the members with several selections on the piano.

The Sophomore Declamation Contest was held Friday evening in the College chapel. The following boys were awarded prizes: Bernard Frazier, first prize; Howard Wilson, second prize; and William A. Scott, third prize. The other contestants were: Elmer Nickel and Wellington Rose.

The Illinois College Glee club will give a concert in the Recital hall at the Conservatory of Music Tuesday evening, April 26.

Miss Sleezer, a Y. W. C. A. secretary with headquarters in Chicago, will be a guest of Mrs. Jeannette L. Ogden, head of Academy Hall, for the week end. Miss Sleezer was formerly a member of the faculty of the Jacksonville High school.

A number of advanced students in the Department of Expression of Illinois college went to Virginia Friday to judge a declamation contest in the Virginia High school. They were the following: Grace Marshall, '21; Rena Chaney, '21; and Rosalind Rendelman, '24. Josephine Conboy, '23, Mary Duncomb, '24, and Laura Jones, '24, students of the Conservatory of Music, also went to Virginia Friday to act as judges in a musical contest at the High school.

The Dramatic club will present Shakespeare's "Midsummer Night's Dream" the 24th of May. The cast for the play has been chosen and the students are practicing every afternoon.
